Dennis Woehler Earns Professional Recognition from Health Insurance Industry

Evansville, IN – Dennis Woehler, REBC, LUTCF, Account Executive at ONB Insurance Group recently received the Registered Health Underwriter (RHU) designation from The American College. The National Association of Health Underwriters views this designation as the highest form of recognition in the health insurance industry, demonstrating Dennis Woehler's commitment to educational leadership within the insurance profession.

The RHU designation was established to acknowledge professional accomplishments in the disability income and health insurance fields and distinguishes the recipient as an elite practitioner in the field. Earning an RHU designation is visible testimony to clients that Dennis has acquired and maintained the highest level of expertise and competence.

Carolyn Beck, president of the Southwestern Indiana Association of Health Underwriters (SWIAHU), congratulates Dennis on meeting the rigorous academic challenges associated with earning this designation. "Our members now represent the largest percentage of agents and benefit advisors who have the RHU designation. This further emphasizes SWIAHU's mission to prepare and support members who are dedicated to serving the best interest of their clients in our rapidly changing health insurance environment."

"Dramatic increases in health care costs make the insurance advisor's role increasingly important to individuals and small businesses in finding cost-saving measures and high-quality coverage options," added Beck.

The mission of the SWIAHU is to improve its members' ability to meet the health, financial and retirement security needs of all Americans through education, advocacy and professional developments.
